SUBJECT: ESTABLISHMENT OF A TECHNICAL ADVISORY COMMITTEE

This is to provide you with a status update regarding the Board motion by Supervisor Michael D. Antonovich, dated September 1, 2009, directing the Director of the Department of Public Health (DPH) to establish a Technical Advisory Committee comprised of five to eight members representing various sectors, including water, wastewater, and geology industries, appropriate County departments, and other pertinent jurisdictions.

During October and November, the DPH Environmental Health (EH) Division solicited applications and resumes. The deadline for submission was December 1, 2009. EH received a total of 16 applications. The applications are currently being reviewed. A list of the final selection of members for the Committee will be sent to your Board by January 30, 2010.

If you have any questions or need additional information, please let me know.
